**WEEKLY UPDATE**

**02/03/2021**

Dear Residents and Families/Representatives,

Please accept this letter as our weekly update regarding the status of COVID-19 in our facility. Since the onset of this virus, we have had 73 residents and 37 staff members test positive for COVID-19.

Currently, we have one positive staff member.

We have one more vaccine clinic tentatively scheduled on 2/15/2021. I know there have been some questions about testing going forward if someone has been fully vaccinated. At this time, there have been no changes. All essential caregivers and staff are tested according to the county positivity rate regardless of vaccine status. Thank you all again for your continued cooperation.

As always, we are working hard to keep everyone in our community safe and we will continue to practice the enhanced safety precautions that are known to prevent the spread of COVID-19, such as only essential personnel are allowed inside the facility and we screen them for signs and symptoms of illness prior to entering. Our residents are continually monitored and staff is using PPE as recommended by the CDC. Staff is frequently reminded and encouraged to practice social distancing and to use hand sanitizer and frequently wash their hands when they are in the facility and out in the community. We ask them not to report to work if they have symptoms of illness.

Please continue to check our website for weekly updates as well as notification of new cases. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly at 817-779-6500.

Sincerely,

*Linda Telehany*
