

WEEKLY UPDATE

6/25/2020

Dear Residents and Families/Representatives,

Please accept this letter as The Pavilion at Creekwood weekly update to keep you informed about the status of COVID in our facility and what we are doing to keep our residents and staff safe during the ongoing coronavirus pandemic.

As of today, 32 residents and 7 staff members have tested positive for COVID-19. The Pavilion at Creekwood has increased staff screening to twice daily for possible symptoms and the residents are being screened three times daily. We are also testing all staff and residents weekly. Additionally, we have staff assigned to our COVID unit on hall 200 that only take care of those residents. Finally, we are in daily contact with the county health department and Texas Health and Human Services to ensure all control measures are being met.

As a reminder, we continue to closely monitor and follow the recommendations of our federal, state and local health officials. Only essential personnel are allowed inside the facility and we screen them for signs and symptoms of illness prior to entering. Our residents are continually monitored and staff is using PPE as recommended by the CDC. Staff is frequently reminded and encouraged to practice social distancing and to use hand sanitizer and frequently wash their hands when they are in the facility and out in the community. We ask them not to report to work if they have symptoms of illness.

Please continue to check our website for updates, PavilionatCreekwood.com. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly 817-779-6500.

Sincerely,

Linda Telehany
Administrator
